- b. Peasant's Paradise
- c. Night of the Long Knives
- d. New World Order
- e. Dollars and Sense

Part 3

- a. Dark Winter
- b. Emotional Destruction
- c. It Will Be All Right
- d. Live Our Lives

Coda

Prelude

Music and soundscape by Howard Nemaizer

Blind to the World

Part I

INDIGO

Words and music by Howard Nemaizer

My baby loves me she loves me so my Indigo
She is my love she is my queen
She is the girl of my dreams
When we touch soft or rough its never enough

When I see you in the night
Everything's perfect just right
Indigo I love you so
My Indigo

My Indigo how I loved her so
Why did they take her away
She was not afraid desperate or alone
Even as her life began to fade

I know where you are
But it's too far
Too far away
To touch your heart

When I see you in my dreams at night
Your soul shines so bright
Indigo I loved you so
My Indigo

NOT A MAN'S LIFE

lyrics by Marc Gerson and Howard Nemaizer
music by Howard Nemaizer

I learned to deal with life
I learned to deal with pain and all the suffering that falls like rain
As I look for the one who can help me
And leave me not to blame for the tears that fall like rain

And all the hate that follows me
And all the hate that I can see
And all these things will bring me down
But I'll get my feet back on the ground yeah!

Not a man's life living like some sad man
Not a man's life living like the bad man
Not a man's life living like some scared man
Not a man's life! No! Not a man's life

I learned to deal with magic a silver light
The sound of one song can change your life
Can change your life
Can change you life
Not a man's life living like some sad man
Not a man's life living like the bad man
Not a man's life living like some scared man
Not a man's life! No! Not a man's life

I learned to deal with life
I learned to deal with pain
And all the suffering

All the pain

FAR AWAY

words and music by Howard Nemaizer

How do I say that I miss you and the warmth of your touch
The sound of your voice was the only sound I could trust
You're a part of me alive in my soul
But I can't hold you anymore

You're so far away far above the clouds
I tried so hard to shatter my doubts
I don't know where you are or where I'll be
It's still a mystery to me

How do I say that I love you when you can't hear my voice
Not a sound not a whisper and that's not my choice
You're a part of me alive in my soul
But I can't hold you anymore

You're so far away far above the clouds
I tried so hard to shatter my doubts
I don't know where you are or where I'll be
It's still a mystery to me

BLIND TO THE WORLD
lyrics by Howard Nemaizer and Marc Gerson
music By Howard Nemaizer

What does it mean . . .
The words that are written across the pages of my mind . . . My mind
What do I see. . .
The words that are written across the pages of mankind. . . As it died

So Blind to the world
They've lost all control
My head is spinning
And so is my soul

What can it be . . .
Unspoken evil that binds to our lives
How will they see . . . If truth is banished from the pages of all time
How can they be so blind. . .

So Blind to the world
They've lost all control
My head is spinning
And so is my soul

Blind to the World

Part II

THIS IS THE TRUTH

Words and music by Howard Nemaizer

UN Agenda 21 bailouts sellouts deep state COVID lies have the masses hypnotized
Speaking truth can do you harm censorship has become the norm
Agents operatives provocateurs stir the pot and set the lures
Causing chaos is their game defaming others and casting blame

Funded by money behind the scenes working to kill the American dream
Racists riots looters angry trolls social control secret societies are behind it all

This is the truth

Build Back Better mind control Rockefeller Goldman Sachs false flag terror attacks
Bank of America stealing homes with cut and paste mortgage loans
Police state Taser guns FEMA camps manned to run
Energy weapons to tame the herd

AI to control the world contact tracing drones that spy
Chemtrails fall from the sky
Monsanto rules the food supply while big pharma dopes your mind
Prison system profiteers Foundations fund the fears

Fund the evil through the years the world's not as it appears
Bill Gates vaccines depopulation is the scheme
DNA bio war targeting the weak and poor
Big Pharma genocide covered up by fraud and lies

This is the truth

Politics is organized crime taxes fees and fines
Taking your freedom away each and every day
Hidden agendas evil schemes the things they do are so obscene
Yet they're held in high esteem

Murder corruption bio war elitists are above the law
Race baiting divisive tones hidden powers behind the throne
Stockholm syndrome rules the day People comply in every way
Pedos groomers drag queens freaks and trannies Bud Light

Microchips designed to fit Dumbed down brainwashed minds
Politicians with communist ties cut through the matrix awaken to the lies

Do not be hypnotized it's up to you and it's up to me to stop this insanity

This is the truth

PEASANT'S PARADISE

Words and Music by Howard Nemaizer

There's so much more wrong than there is right
Don't want to live with my neck in a vice
Don't want to stand in no breadlines
Don't want no peasant's paradise

Elitists set the scenes with their evil plans and evil schemes
Never reaping what they soe they're our greatest foe

Don't want to live in no peasant's paradise
Chained in a prison without bars
Don't want to live a debtor's life
Don't want to fight no banker's wars

Elitists set the scenes with their evil plans and evil schemes

Lies and distractions mask the scene
While erasing the American dream
Shearing us as we grow
Digging us deeper in the hole

Elitists set the scenes with their evil plans and evil schemes
Never reaping what they soe they're our greatest foe

Don't want to live in no peasant's paradise
Chained in a prison without bars
Don't want to live a debtor's life
Don't want to fight no banker's wars

NIGHT OF THE LONG KNIVES

By Howard Nemaizer

Satan's angels disguised as light
Slaughter souls with delight
Wielding swords of flesh and blood
They give no mercy they have no love

Just when you least expect it
They'll come crashing through the door
They'll call you a traitor
A threat to us all

Night of the Long Knives hunting for you
Because you love freedom, God and the truth
Night of the Long knives hunting for you
Because of this evil government's coup

Eagles fly where brave men go
While those who chose evil follow the crow
One by one throughout the night
Fascist government goons kill with delight

When it comes, you'll never know
Because you believe the lies of the crow
God will save us but be aware
Satan's angels are everywhere

Night of the Long Knives hunting for you
Because you love freedom, God, and the truth
Night of the Long knives hunting for you

Because of this evil government's coup

NEW WORLD ORDER

words and music by Howard Nemaizer

The New World Order will take your soul
Poison you until you're dead and cold
They lie cheat and say anything
As they steal everything

They'll never take me
They'll never break me
They'll never take me!
They'll never bait me!

The New World Order will steal your soul
Like the Fed stole our gold
They lie cheat and say anything
As they steal everything

They'll never take me
They'll never break me
They'll never take me!
They'll never bait me!

Thieves and liars rule the world
And they are all deeply disturbed
If you give in to anything
They'll take everything

They'll never take me
They'll never break me

DOLLARS AND SENSE

Words and Music by Howard Nemaizer

When will the sun shine again
Will the rain ever end
When will we rise from the ashes like a phoenix takes flight
As our economy crashes when will we see the light

Dollars and sense
Crimes with intent
Lies set the stage
And we're being played

When will we reject fear for love
When will the world be open
When will we stop wearing masks and gloves
When will the truth be spoken

People struggle to survive
As big brother's engine grinds
Killing livestock and brainwashing minds
Selling poisons and paying bribes

Dollars and sense
Lies with intent
Our freedom's not free
In the land of liberty

IT WILL BE ALRIGHT
words and music by Howard Nemaizer

Do you know the way
Do you feel the wait
Do you see the stars
Or is it too late

A dream becomes a life
A life becomes a dream
And the world it seems
To be so extreme

In the night you see the light
But in the day its too bright
Draw the curtain turn out the light
Everything will be alright

When the sun rises
And warms the sky
Open the curtains let in the light
Everything will be alright

When the sun rises and warms the sky
Take a look inside yourself
Everything will be alright
It'll be alright - It'll be alright

Do you know where to go
Can you find your way
And learn what you don't know
Without losing your faith

I know, I know you're out there
But I still can't see your face
Do you think long and hard
As the world decays

In the night you see the light
But in the day it's too bright
Light a candle turn out the light
Everything will be alright

When the sun rises and warms the sky
Take a look inside yourself
Everything will be all right
It will be all right

Let Us Live Our Lives
lyrics by Howard Nemaizer and Marc Gerson
Music by Howard Nemaizer

They tell me things about it not many understand
This is no illusion its the power of His hand
Only for the certain who really understand
His victory and glory is what leave us in command

Yeah!
Let Us Live our lives!
Let us Live Our Lives!
Let us Live Our Lives!
Let us live!

The sun rises and the sun sets
And how you live is what you get
Live Our lives let us live
Live Our lives let is give

Let Us Live our lives!
Let us Live Our Lives!
Let us Live Our Lives!
Let us live!
